DIRA Executive present:

Meeting convened to deal with dock issues:

Honesty is a problem for this committee.

Many people stay over the 5 day limit and do not pay the right amount.

They leave their boats and go elsewhere and feel entitled to be able to do this.

One individual moors in the emergency zone.

DIRA is the lease holder with FLNR and the committee would like help from the executive to deal with the problem people. We talked of going to the RCMP, but this has been done with poor results.

Another problem is with motorhomes parking there.

Ron will go with a Dock committee member if they need help with problem people and give them a notice to vacate.

Sailing Club wants to use the dock- question of insurance.
